## WHO WE ARE

Inspired by innovation, Driven by excellence... established in 2012, Oracle Hydro Mech Stampings has grown into a premier firm manufacturing Sheet Metal, Press Parts, Deep Draw Parts and Welded Automotive & Non-Automotive Assemblies. As an ISO 9001-2008 certified company, our experience in a spectrum of industries helps us to build a deeper understanding of customer expectations.

The present minimum size is from 20 Ton Sheet Metal Mechanical Stamping Press to maximum 400 Ton Hydraulic Press up to 1250 x 2000 mm bolstar area. We also have Shearing Machine, CNC Pipe Bending Machine, MIG, TIG, Co2, Projection and Spot Welding Machines, Welding SPMs for Co2 & Projection Welding, and Tool Room back up facility for tool maintenance and development of new parts. We have also engaged with TPM and Lean Manufacturing culture. We offer an extensive range of unique products & services for sectors like Agriculture, Industrial, Engineering & White Goods components, including:

- ♦ Exclusive Sheet Metal Auto Parts, Deep Draw Parts for Two-wheelers, Three-wheelers, Four Wheelers and commercial vehicles for tier-1 vendors of Bajaj Auto Ltd., Piaggio India Ltd., Tata Motors Ltd., Volkswagen India Ltd., TVS Motor Company, BMW Germany, and Haier Appliances India Pvt Ltd, Franke India, Stainless Steel Body Muffler parts for Two Wheeler, Silencer Assembly Panels and Reinforcement Assemblies for Automotive Body and Chasis.
- ♦ Bracket and other components for Poly Houses, Solar Panel Mounting Frames, material handling as well as storage system clamps.
- ♦ Seating Frame Assemblies to tier 1 suppliers of TATA Motors, TATA Winger, Luxury Buses, State Transport Buses etc.
- ♦ Windshield child parts for Three-Wheelers, Scudo assembly parts, Door Parts, Door Hinges, heavy duty stamping and tubular components in the form of welded assemblies.
- ♦ Pedal operated frame assembly for agriculture industry to draw water from wells where there is no electricity.
- ♦ Fabricated Oil Coolers, Oil Sumps, Air Filters for power generation and other sectors.
- ♦ Dish TV dish part pressing and its child parts, AC outdoor unit mounting brackets, Fabricated Assembly Stand for Washing Machine, Cover for Main Motor of Air Cooler for Home Appliances industries.
- ♦ Auditorium and Inox Cinema theater seating frame with cushion and handle

## OUR VISION

We are committed to perform consistently to satisfy our customers by providing right quality, timely delivery of required products at competitive price. We also address a bigger cause of society's satisfaction and happiness.

## OUR MISSION

We focus on customer satisfaction by continual enhancement and effective implementation of Quality Management System through process improvements and active involvement of our team members.

## OUR AIM THAT DRIVES US FORWARD

### ACT

Inspire our teams to have a sense of ownership & develop a customer focussed approach.

### INNOVATE

Apply innovative equipment to achieve high level of process capability and reliability.

### MANUFACTURE

Implement flexible processes to meet demands and improve cost effectiveness. We believes Part is not the Quality, Process is the Quality.

## OUR BELIEFS

### DELIVER SOLUTIONS

We are committed to achieve total satisfaction through the supply of good quality product & services on time with appropriate cost & safety.

### TEAM WORK

We believe 'Team work creates cream work'  
We realized that a team can perform better than individuals.

### ENABLE PEOPLE

We will create a culture that respect & empower every employee.  
We want to cultivate a process through which employee will develop his successor.

### ACT ENTREPRENEUR

We will create an environment in which every employee act as a "Entrepreneur" & implement this attitude at his work place.

## OUR PRODUCTS

We offer a spectrum of products customized for our clients' needs. They include Sheet Metal Press Parts, Deep Draw Press Parts, Tubular Pipe Bending Components, & Welded Assemblies.

Automotive  
Single  
Seater

Agriculture  
Pump  
Frame

Automotive  
Two Seater

Single Seater Base  
Frame for Passenger  
Bus - with folding System

Oil Cooler

Flywheel Cover for Engine Assembly

Oil Sump for Engine Assembly

# PRESSING | PIPE BENDING | ASSEMBLY | FABRICATION

Panel Cover

Deep Draw - 150mm

Uni -Mist Collector  
Unit Domestic

Intercooler  
Outlet  
Hose

Intercooler  
Inlet  
Hose

Cross Member Bracket

Foot Step  
Assembly

Chain Cover for Motor Cycle

Auditorium  
Seat

Dish- TV Antenna Domestic

Silencer Assembly  
Child Parts

## OUR INFRASTRUCTURE

Utilising advanced tools and technologies Our two state-of-the-art units located in Aurangabad are well-equipped to manufacture specific products best suited for our clients' requirements. It includes Tool Room Facility and Inspection Facility

CNC Pipe Bending

Pneumatic Press

High Speed Press

Mechnaical Press

Spot / Projection Welding

MIG/TIG Welding

## OUR SISTER CONCERN - PINNACLE HI TECH ENGINEERS PVT. LTD.

Pinnacle Hi Tech Engineers Pvt. Ltd. is a company established on the basis of experience accumulated in industrial products marketing of various world quality products with a high range of technology. Present customer base is almost all segments of industries like Automobile, Engineering, process Industry, chemical Industry, Pharmaceutical Industry SPM manufacturer etc.

We are Channel Partners of following World Leader Multinational Companies :

Festo has been instrumental in setting standards in automation with the highest level of technical knowledge sharing. In last two decades, Festo has implemented innumerable automation solutions in industries either through our customers manufacturing machines / equipments or directly in the manufacturing plants. Our valued customers appreciate our approach to offer solution to their automation requirements. On the other hand, Festo has been the pioneer in investing in training facilities countrywide to educate the users in the subject of automation. We shall strive to remain Performance Leader to be the preferred partner of our customers.

Pneumatic Drives

Electromechanical Drives

Motors and Controllers

Valves

Delta's strength in power electronics and extensive knowledge in control technology has made us a leader in the industrial controls marketplace. Beginning with the design and manufacture of variable speed AC motor drives in 1995, Delta today offers a wide range of products for industrial application. Our products include AC motor drives, servo drives and motors, temperature controllers, programmable logic controllers, human machine interface modules, optical encoders, communication converter modules, and CTA / Timer / Counter / Tachometer,.

HMI

Drives

PLCs

Controllers
